Sketches for the sketches:

SECRET

25X1

- A. 1. Iron bar fence on a low concrete wall on the north, east and south side; the western side is protected only by a provisional wire net fence.
2. Main entrance.
3. Porter's lodge.
4. Family quarters for hospital employees, 3-stories, 30 x 10 m large.
5. Main administration building; 4-5 stories, 80 x 15 x 50 m. On the ground floor is the apothecary, guard room, canteen, personal section and mess-hal for employees. On the 1st 2nd floor is a theater and offices. On the 3rd floor is the office of the commanding officer (a general-major) and related offices. On the 4th floor are billets for men temporarily staying in the hospital for observation or medical examinations.
6. Grass lots with trees.
7. Recreational area for outdoor activities.
8. Inner roads and parking spaces, asphalt, well kept.
